

K-LOVE serves our family as residents of this community by providing safe, family-friendly programming that we can enjoy as a family without risk of profanity or disturbing commentaries or song lyrics. K-LOVE supports the same wholesome values we try to raise our children on and quite frankly don't get from other stations. We listen to K-LOVE in our area on 106.7 in our community, in our places of business and worship. We would be sorely lost without it and would be forced to purchase our music pre-recorded in order to have some control what our children are exposed to. Thank you for your consideration. Billie Phelps & Family
